Notification to the **Ngoma Africa Prize** 2021 Edition

To Reverend Abbé Roger Mpongo **in Bukavu**.

Reverend Abbé,

The Network of Congolese Associations for Sustainable Development "RACODED-RDC Asbl" is pleased to inform you that you have been elected for the award "Prix Ngoma Africa" edition 2021 for *your commitment to the peaceful resolution of conflicts, the care of vulnerable children, as well as the care and training of young people in crafts and access to drinking water for the rural population of Kabare*.

Indeed, for more than six months, RACODED has been conducting surveys, opinion polls and observations on the actions of individuals and/or structures in Bukavu and in the territories of the Province of South Kivu. At the end of this process, a neutral, independent and impartial jury set up for this purpose has chosen your personality. The Ngoma Africa Award literally translated as "Drum of Africa" reflects the traditional role of the drum in African culture.

It therefore aims to awaken the community's awareness of the positive works carried out by some of its worthy sons and daughters and to encourage emulation so that each of them can give his/her best for the well-being and general interest.

Thus, we invite you to enhance these goals with your presence to the ceremonies of solemn delivery of this award scheduled for Sunday, April 25, 2021 at 14 hours in the large room of the hotel Mont Kahuzi in Bukavu.

Reverend Abbé, please, accept the expression of our distinguished greetings.

Our congratulations!

For RACODED-RDC Asbl
